

Wisdom Tradition ? See with New Eyes

The link below takes you a summary review of the historic wisdom tradition and its literature. It's a summary review with a difference. It looks with fresh eyes at an old and respected tradition whose way of reasoning about life and decision-making has been largely lost to us today. The wisdom tradition offers us an alternative way of reasoning about life, and thus a wiser way of living. I think you will find some discoveries surprising. Feel free leave a comment to start some discussion.
